Shiv Fabrics

MANUFACTURER OF COMPLETE RANGE OF FOOTWEAR COMPONENTS

A comprehensive manufacturer specializing in the production of a wide variety of components for footwear. This includes everything from uppers to laces and niwar, catering to the entire spectrum of footwear needs across various styles and functionalities.

ABOUT US

Established in 2014, Shiv Fabric, based in Bahadurgarh, Haryana, excels in creating narrow fabrics and knitted uppers, including Niwar, tapes, laces, elastic bands, and digital printing on fabrics. With over 8 years in the industry, the company boasts advanced machinery, a sampling department, and testing facilities to fulfill both domestic and international demands efficiently.

VISION

Our vision is to produce premium quality products through the empowerment of women, fostering self-employment opportunities in related industries. We aim to cater to the global fashion market with meticulously chosen, high-quality, recyclable yarn, prioritizing environmental sustainability and women's dignity. We are committed to efficient resource utilization, ensuring swift delivery times for our products.

RELIABLE EXCELLENCE

In a dynamic market, we ensure our products meet consumer expectations and regulatory standards through rigorous quality control. Emphasizing a customer-first approach, we continuously improve processes and technology to deliver quality efficiently. We also invest in training to enhance quality awareness and involve leadership in raising our standards.

WHY US?

01

Decade of Innovation:

With over ten years of experience, we've earned a reputation in the footwear industry for providing cutting-edge designs and high-quality materials. Our modern machinery and thorough testing ensure we fulfill all customer needs, securing our status as a market leader.

02

Global Footwear Solutions:

Our expertise extends beyond borders, offering comprehensive footwear solutions that include sourcing raw materials, uppers, components, and accessories tailored to diverse international buyer needs. This global outreach underscores our adaptability and commitment to satisfying market demands.

03

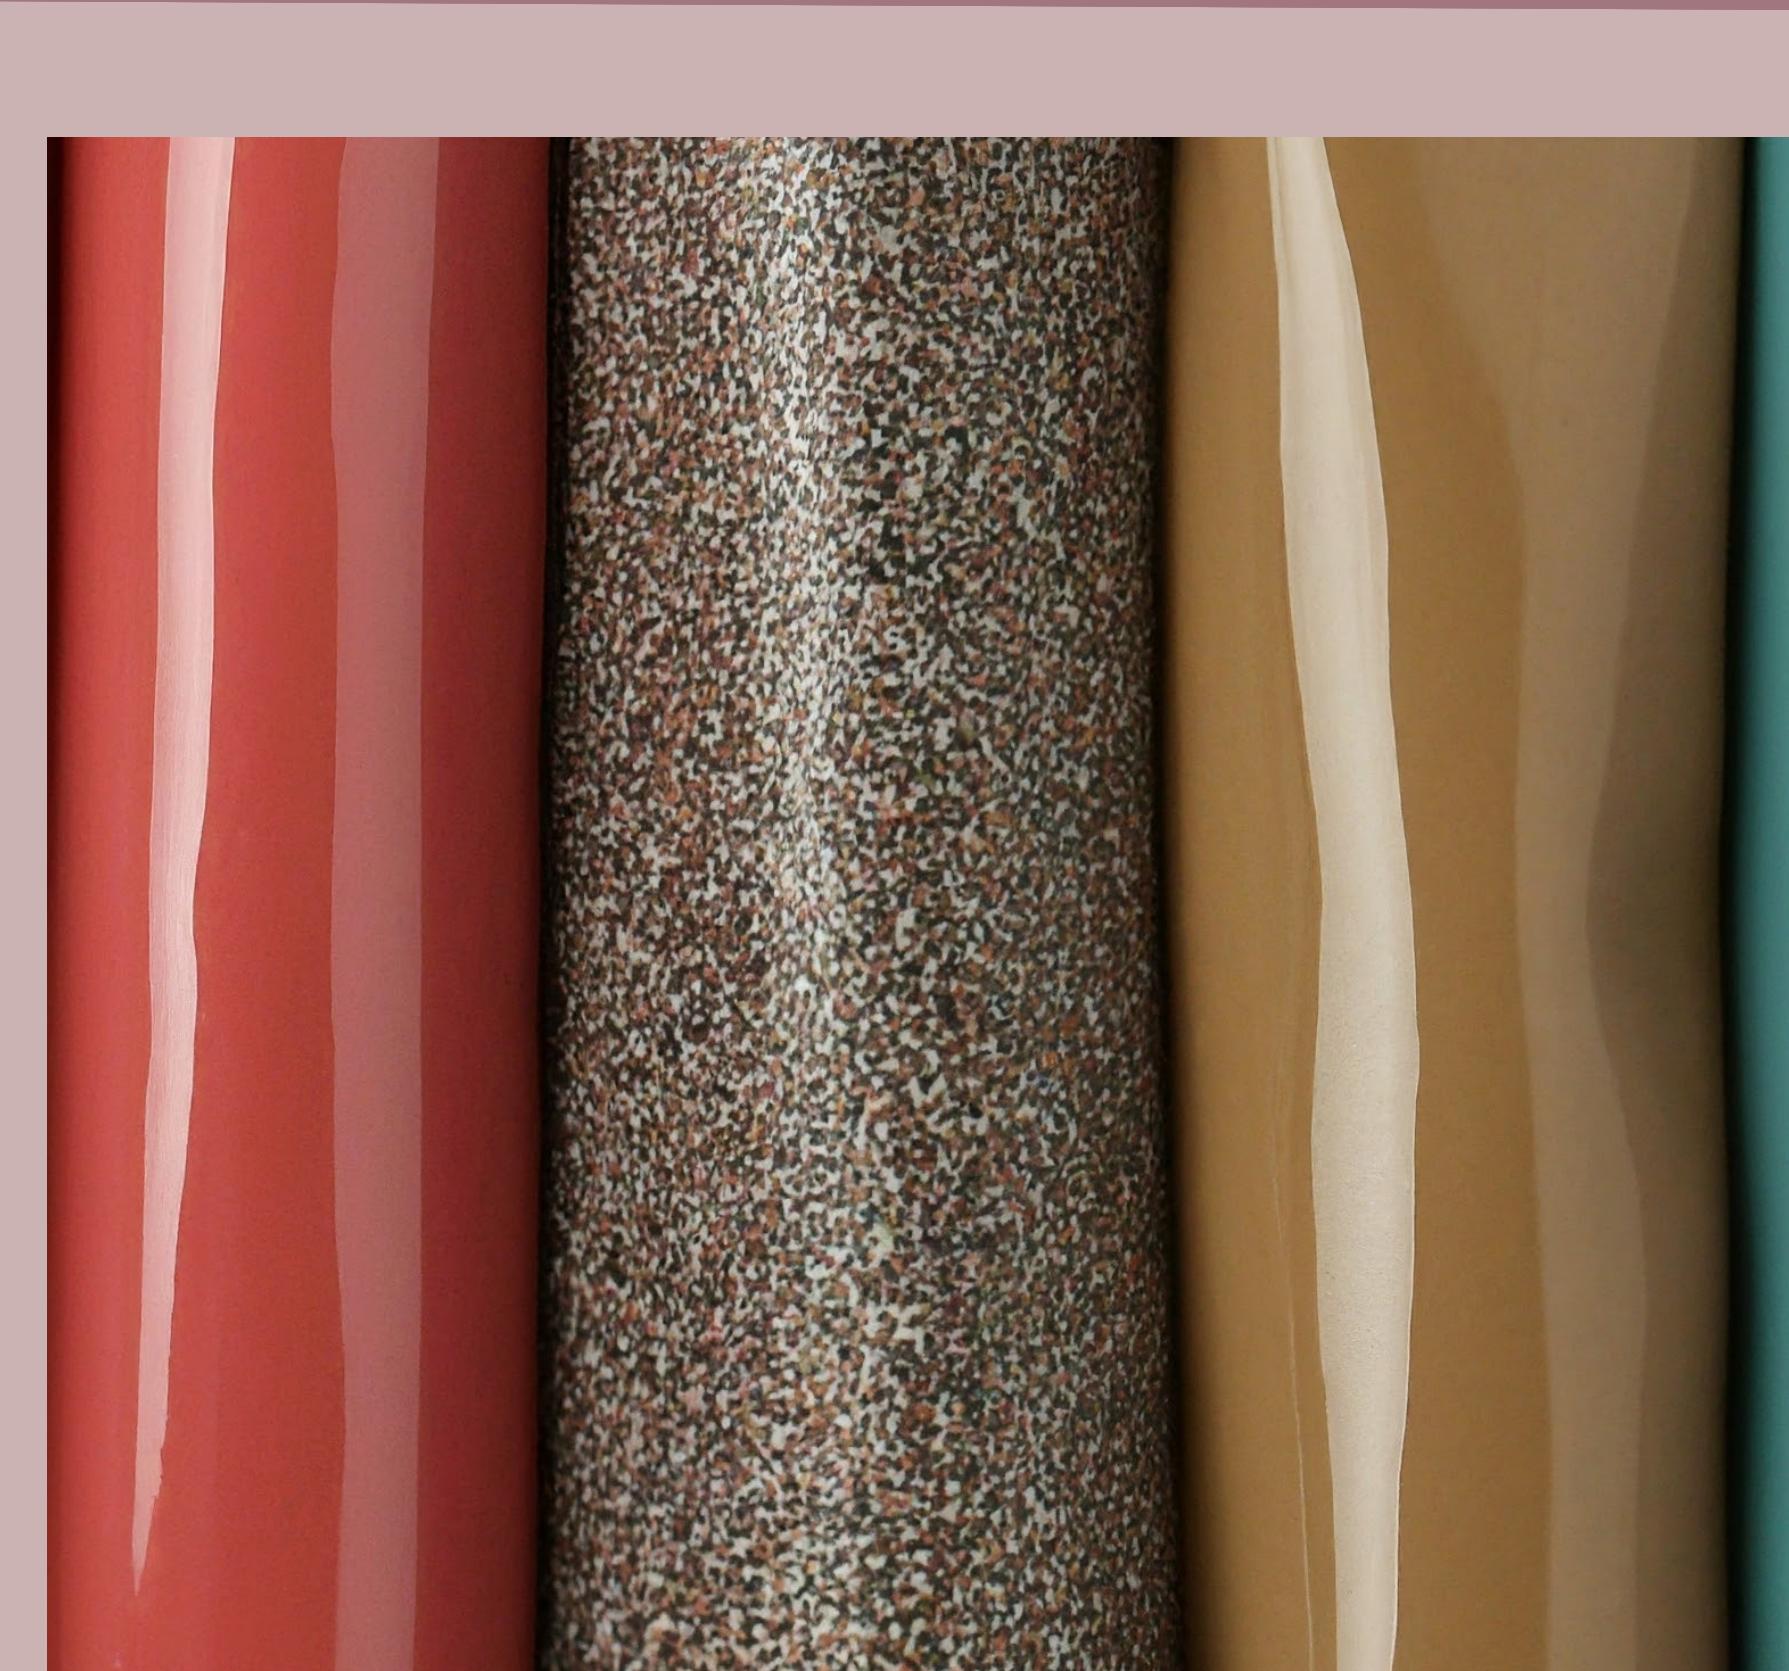

Comprehensive Quality Control:

We enforce strict quality control at every stage, from production to packaging, through multiple levels of inspection. This meticulous approach guarantees the integrity and excellence of our products, ensuring they meet the highest industry standards.
